THE FAPS CHRONICLES

OCT WEEK 3 • COURAGE IS DESTINY • 19TH OCTOBER 2026

PREPARATIONS ALL THE WAY

THE GIRL WITH THE GOLDEN HAIR

Preparations for our school play, “The Girl with the Golden Hair”, are in full swing, and the school is full of energy every day. The Captains, Prefects, Teachers, Choir, along with the rest of the cast, are spending hours learning lines, practicing cues, and getting into their roles.

The dance practices are just as exciting, giving special importance to a wide variety of dance styles by combining different styles: Bharatnatyam, Rajasthani, Bhangra, Hip Hop, Contemporary and Ballet. Each style gives different students a chance to show off their unique talent.

To make things even more special, teachers are singing for parts of the play, thereby, adding great music to the story.

Behind the scenes, the tech team is hard at work making sure the lights, sound, and stage setups run smoothly.

About the Play

Everyone at school is getting super excited to see special characters come to life on stage, especially the animal roles like Pascal the chameleon and Maximus the horse. The cast is spending extra time after school practicing their movements, trying on colorful costumes, and making sure every scene looks real and entertaining. What makes this play so unique is how so many different talent from acting to diverse dance styles and live singing are brought together into one huge story.

Taking on a production of this size comes with a great responsibility for everyone involved. Students and teachers alike are working hard to balance their busy class schedules, tests, and long rehearsal hours. The teachers are playing a major role in keeping things running, guiding student directors, singing for key parts, and making sure everyone stays on track.

Behind the scenes, everyone is waiting eagerly to hear the special songs curated by our vice principal, Mr. Craig William Temple.

Being part of a big project like this helps everyone in many ways. It builds confidence, helps students get over stage fear, and teaches everyone how to work as a team. It also brings people from different grades together, making new friendships across the school. For the school as a whole, it creates a great sense of togetherness and pride, showing what can be achieved when students and teachers work together to create something special.

EXPRESSIONS!

Excitement builds across FAPS as Expressions 2026 approaches on 8 November. Students and staff are busy with selections, announcements and arrangements, ensuring preparations progress smoothly. The student council—President, Vice President, Directors and Secretaries—works with teachers on budgeting, scheduling, marketing and crowd management.

Events include Cultural Couture, Cadence Clash, Step Up, JAM, Personality, Air Crash, Mad Ads, Trivictus, Nothing But Net, Banquet of Blood, NexusCore and Triviaverse. New student-founder pitches encourage entrepreneurship. Food, craft and game stalls offer practical business experience, while visiting schools intensify competition. Through performances, teamwork and leadership, Expressions builds confidence, business skills, lasting friendships and school pride beyond medals and applause.

GLOBAL SPORTS

“PORTUGAL SUSPENDS RONALDO OVER WALKOUT”

The Portuguese Football Federation suspended Cristiano Ronaldo and opened disciplinary proceedings after he left the national team camp during the Nations League following a dispute over playing time with coach Jorge Jesus.

Under federation rules, abandoning camp without justification carries a suspension of one to six months and a fine. Ronaldo acknowledged that actions have consequences and promised fans farewell matches.

“WE ARE HERE TO WIN”

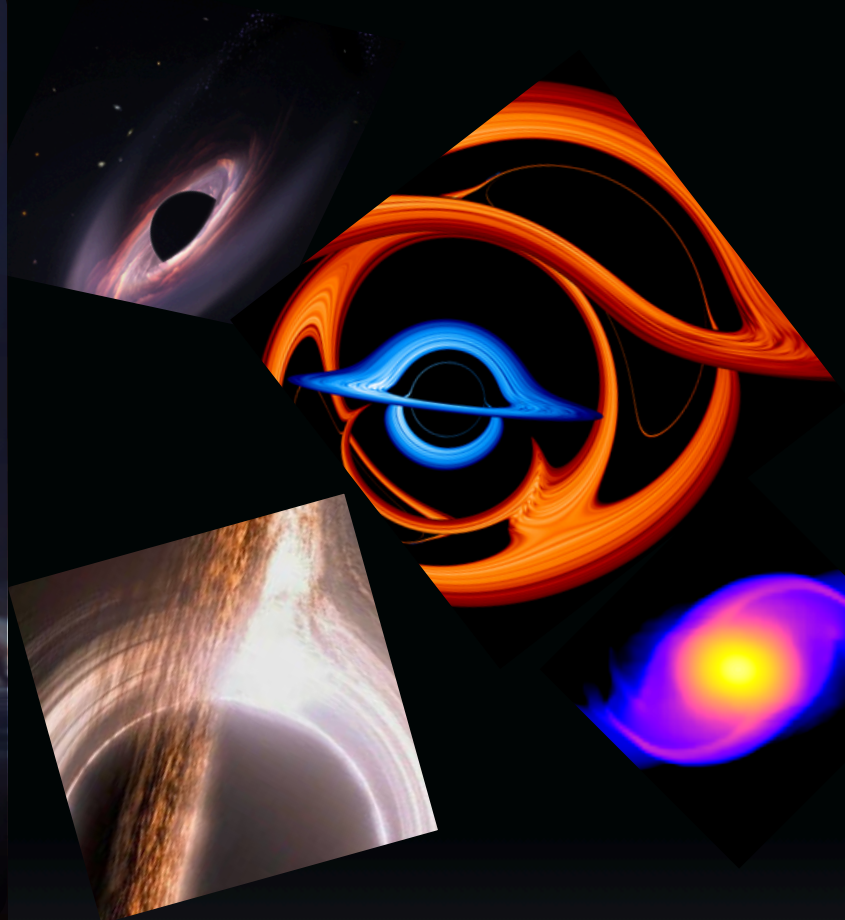

Formula 1 is entering a major new era featuring its biggest rule and regulation shakeup in decades alongside a historic addition to the grid: the Cadillac F1 Team.

Backed by General Motors, the new outfit makes its debut as the sport's eleventh team and only the second American-registered constructor to enter the pit lane in a decade, following Haas. This milestone arrival brings fresh American manufacturing power and competitive energy to the pinnacle of global motorsport right as the entire sport undergoes a massive structural and regulatory transformation.

CURRENT SCIENCE

ASTRONOMERS DISCOVER A STRANGE UNIVERSAL RULE BEHIND BLACK HOLE ERUPTIONS

Scientists have discovered that black holes of vastly different sizes appear to launch powerful jets according to the same universal rule. **Black holes launch radio jets when their feeding rate drops to exactly 2% of the Eddington limit**, a universal threshold that applies equally to both stellar-mass and supermassive black holes. The breakthrough could explain why some black holes suddenly erupt years after devouring a star and help astronomers predict when these spectacular outbursts will happen.

ANTARCTICA'S SEA ICE HAS UNDERGONE A STUNNING REVERSAL

Antarctica is surrounded by a vast ocean, giving its sea ice plenty of room to spread outward during the Southern Hemisphere's winter. Antarctic sea ice reached its third lowest winter maximum in 2026, extending a remarkable decline that began after years of record-breaking growth. Scientists are investigating whether the dramatic reversal signals a long-term shift in Antarctica's frozen landscape.

OTHER NEWS

Anthropic AI Misuse by Houthi-Linked Actors

Anthropic revealed in a recent threat intelligence report that Houthi-linked actors in northern Yemen misused its AI coding assistant, Claude Code, for weapons development. Rather than hiring human software engineers, the group deployed multiple AI instances concurrently to develop, research, and test guidance, navigation, and control software for ballistic missiles and flying vehicles. Anthropic detected and disabled the accounts involved as part of its efforts against automated warfare misuse.

STUDENTS ENJOY MORE HOLIDAYS FOR DUSSEHRA. YAY.

Unveiling of the Redesigned Tesla Roadster

Tesla officially showcased its long-awaited second-generation Roadster, featuring extreme SpaceX-derived technology. The demonstration highlighted cold-gas thrusters and a floor-mounted suction fan system designed to allow the sports car to lift off the ground and achieve a staggering 0-60 mph time under one second. Elon Musk confirmed both a road-ready thrust model and a special "Rocket" variant, with initial production targeted to commence in 2028.

STUDENTS' VOICE

SHOULD SUPW INCLUDE CHARITY WORK AND HOUSEHOLD CHORES FOR CHARACTER DEVELOPMENT?

I THINK CHARITY SHOULD BE INCLUDED, BUT I DON'T THINK HOUSEHOLD CHORES MUST BE INCLUDED IN THE SUPW. CHARITY WOULD HELP IN LIFE SKILLS DEVELOPMENT—IT WOULD MAKE YOU A BIT **MORE HUMBLE BY MAKING YOU EMPTY OUT YOUR BANK BALANCE** FOR THE PEOPLE IN NEED. *DO YOU THINK IF THIS IS INCLUDED, IT WILL BE SEEN AS AN ADDITIONAL BURDEN OVER STUDIES?* NO, I DON'T THINK SO. IT'S JUST 40 MINUTES. YOU'RE JUST WASTING 40 MINUTES ANYWAY, AND IT'S **WORTH WASTING 40 MINUTES OF YOUR LIFE FOR THIS.**

-J. JOEL JOSEPH (CLASS 10B)

I THINK IT'S A GOOD IDEA SINCE THE CLASS IS ALWAYS VERY MESSY AND PEOPLE ARE ALWAYS THROWING PAPER AROUND NOT CARING ABOUT THEIR ENVIRONMENT. THEY ALWAYS HAVE A PERSON TO PICK UP AFTER THEM, SO WHEN THEY GO OUT THEY JUST THROW STUFF THINKING SOMEONE WILL COME AND PICK IT UP. WE HAVE TO TAKE CARE OF OUR ENVIRONMENT AND NOT THROW TRASH AROUND. IN RELATION TO SUPW, IF IT'S ADDED, WILL IT AFFECT OUR ACADEMICS? NO, **IT WILL MAKE US MORE RESPONSIBLE.**

-YUVAN PRASAD (CLASS 6E)

I THINK IT'S A VERY GOOD TOPIC. I SUGGEST THERE COULD BE DUSTBINS NEARBY EVERYWHERE SO PEOPLE DO NOT THROW TRASH ON THE GROUND, AND THEY **CAN SEPARATE THE DUSTBINS INTO WET AND DRY**. *SHOULD THIS BE DONE IN THE 40-MINUTE SUPW PERIOD WHERE RIGHT NOW WE JUST SIT IN CLASS AND DO NOTHING?* OF COURSE, THAT SHOULD BE DONE. WE HAVE TO GO CLEAN THE GROUND AND DO OUR WORK; IT GIVES MORE RESPONSIBILITY FOR US. IT WON'T ACT AS A BURDEN OVER ACADEMICS BECAUSE IT **TEACHES US RESPONSIBILITY AND CIVIC SENSE**. ALL THE PEOPLE IN INDIA THROW TRASH ON THE GROUND AND FOREIGNERS COME AND COMPLAIN ABOUT IT, SO THIS WILL DEFINITELY **IMPROVE THE COUNTRY** AND EVERYTHING ELSE.

-SOHAN SRI KRISHNAN (CLASS 6E)

I BELIEVE SUPW SHOULD TEACH US ABOUT THE ECONOMIC CONDITION OF THE WORLD, DONATING TO THE POOR, AND CLEANLINESS LIKE CLEANING THE GROUND. LIKE THE EPIC CLUB, TEACHERS SHOULD TAKE RESPONSIBILITY AND GIVE US STATISTICS AND LIVE NUMBERS TO PROVE HOW UNCLEAN THE EARTH IS. CURRENTLY, **SUPW IS BASICALLY LIKE A FREE PERIOD FOR MOST CLASSES** WHERE STUDENTS JUST SIT AND TALK, BUT IF IT ACTUALLY INCLUDES THINGS LIKE THIS, IT **CAN BECOME A VERY GOOD PERIOD**. *DO YOU THINK THIS WILL HELP IN DEVELOPING HUMANITARIAN AND LIFE SKILLS IN STUDENTS?* I FEEL LIKE IT WILL HELP MOST PEOPLE. EVEN THOUGH THERE ARE SOME STUDENTS WHO JUST WON'T LISTEN TO WHAT TEACHERS ARE SAYING, INCLUDING THIS WILL **TAKE A SMALL STEP AT LEAST TOWARDS HELPING STUDENTS UNDERSTAND REAL-LIFE SITUATIONS ABOUT EARTH.**

-CHARIT NAVEEN (CLASS 8D)

I FEEL LIKE YES, IT SHOULD BE INCLUDED BECAUSE GUYS ALSO ARE EXPOSED TO THESE KIND OF THINGS AND THEY GET PRACTICE FOR THEIR FUTURE AND HOW TO HELP THEIR FUTURE HOUSEHOLDS. OF COURSE IT WILL HELP **CREATE BETTER HUMANITARIAN AND LIFE SKILLS** FOR A BETTER FUTURE OF THE COUNTRY. DO YOU THINK THIS WILL ACT AS A BURDEN ON TOP OF ACADEMICS? NO, IT WON'T. INSTEAD, IT WILL ACT LIKE A STRESS RELIEVER INSTEAD OF ADDING PRESSURE.

-AKSHITA VINOD (CLASS 10B)

I THINK PROBABLY MOST OF US ALREADY KNOW HOW TO DO HOUSEHOLD CHORES, BUT SINCE THE PERIOD IS MOSTLY USELESS, I GUESS THEY COULD INCLUDE THAT. *DO YOU THINK THIS WILL ACT AS AN ADDITIONAL BURDEN OVER ACADEMICS?* IT'S A MIXED VIEW. PARENTS WOULD SAY THAT IT'S A VERY USEFUL ADDITION, BUT CURRENTLY THE STUDENTS, NO. IT WILL DEFINITELY HELP STUDENTS DEVELOP A CIVIC SENSE AND RESPONSIBILITY, BUT AT THE SAME TIME **THEIR ACADEMICS ALSO MIGHT GO DOWN** BECAUSE OF HAVING LESS TIME TO STUDY AND THE DISTRACTIONS AS WELL.

-ADHVIK (CLASS 10B)

FOR ME, THAT IS A VERY OBVIOUS ANSWER: **NO. HOUSEHOLD CHORES SHOULD NOT BE A PART OF SUPW**. ALL OF US ARE **MOSTLY BURDENED OUT BY DOING REGULAR HOUSEHOLD CHORES** IN OUR HOUSES—IMAGINE COMING INTO SCHOOL AND DOING IT! THAT WOULD JUST BE A PAIN IN THE BUM. IMAGINE HAVING MATHS CLASS AND THE VERY NEXT PERIOD YOU HAVE TO CLEAN THE CLASSROOM; THAT INDEED WOULD BE VERY UNFAVOURABLE FOR MOST PEOPLE. DO YOU KNOW THE FULL FORM OF SUPW? AS THE FULL FORM OF SUPW SAYS, IT'S MOSTLY ABOUT ARTS AND CRAFTS—WHEREAS I HAVE **ABSOLUTELY NO IDEA WHAT THE FULL FORM IS!** BASICALLY SUPW IS JUST ABOUT ARTS AND CRAFT, AND NOTHING OF HOUSEHOLD CHORES SHOULD BE INCLUDED IN IT. DON'T YOU THINK THIS WILL HELP IN DEVELOPING LIFE SKILLS FOR THE STUDENTS? I BELIEVE IN THE NEXT 25 YEARS EXACTLY FROM NOW, A **ROBOT MIGHT BE DOING OUR HOUSEHOLD CHORES ANYWAY**!

-KANDHAN KL (CLASS 10B)

TEACHER'S THOUGHTS

IT IS DEFINITELY GOING TO HELP YOU, BECAUSE TOMORROW WHATEVER YOU STUDY HERE, THE BOOKS ARE NOT GOING TO HELP YOU WHEN IT COMES TO PRACTICAL WORK. IT WILL HELP STUDENTS GET A BREAK FROM THEIR ACADEMICS. WHEN YOU ARE SO ENGROSSED WITH YOUR STUDY, STUDY, STUDY AND YOUR MIND IS STRESSED, DOING SOMETHING OUTSIDE THE BOX LIKE THIS IS GOING TO **MAKE YOU FEEL RELAXED, ENTHUSIASTIC, AND ENERGETIC** SO THAT YOU CAN FOCUS MORE ON YOUR STUDIES AND BE MORE CREATIVE.

WON'T STUDENTS JUST LOOK AT IT AS A BURDEN, HAVING TO GO CLEAN THE FIELD DURING A PERIOD MEANT FOR REST?

IF YOU LOOK AT IT LIKE A BURDEN, IT'S A BURDEN. BUT IF YOU TAKE IT UP AS A RESPONSIBILITY WITH THE MINDSET THAT IT'S GOING TO BE FUN-FILLED, THEN DEFINITELY IT WILL BE. WEARING YOUR GLOVES, SWEEPING, PULLING EACH OTHER'S LEGS—YOU KNOW, **IT'S GOING TO BE FUN!**

WOULD WE NEED ANY RECOMMENDED CHANGES OR INFRASTRUCTURE BUILT TO IMPLEMENT THIS IN OUR SCHOOL?

NO, YOU CAN IMPLEMENT IT JUST LIKE THAT; I DON'T THINK ANY INFRASTRUCTURAL CHANGE HAS TO BE MADE. WE ARE ACTUALLY HARMING THE ENVIRONMENT RIGHT NOW THE WAY WE ARE DOING THINGS, SO IT'S JUST THAT WE **NEED TO EDUCATE EACH OTHER**. SHOW AND TELL YOUR FRIENDS HOW IMPORTANT IT IS TO CONTRIBUTE AND MAKE THAT SMALL CHANGE FOR YOUR ENVIRONMENT.

-MRS. ALWEYN (CLASS TEACHER, X 'B')

Riddles and Quotes

1.“Who Am I” of the Week:

I am full of holes, yet I still hold a ton of water—what am I?

2.You Be The Detective:

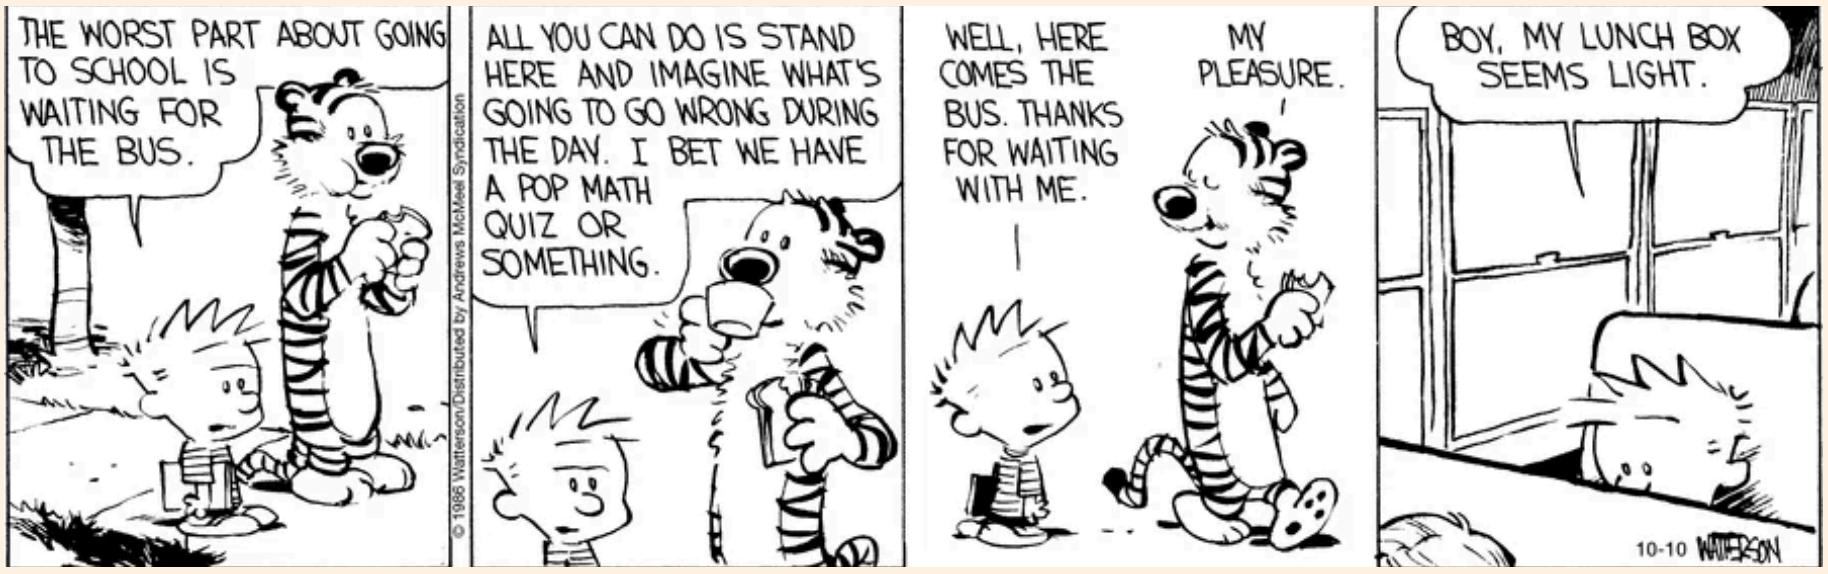

A serial killer kidnapped five different people and sat them down each with two pills in their hand and a glass of water. He told them each to take one pill but warned them that one was poisonous and the other was harmless. Whichever pill the victim didn’t take, the serial killer would take. Every victim somehow chose the poisonous pill and died. How did the serial killer get them all to take the poisonous pill?

(ANSWERS AT THE LAST PAGE)

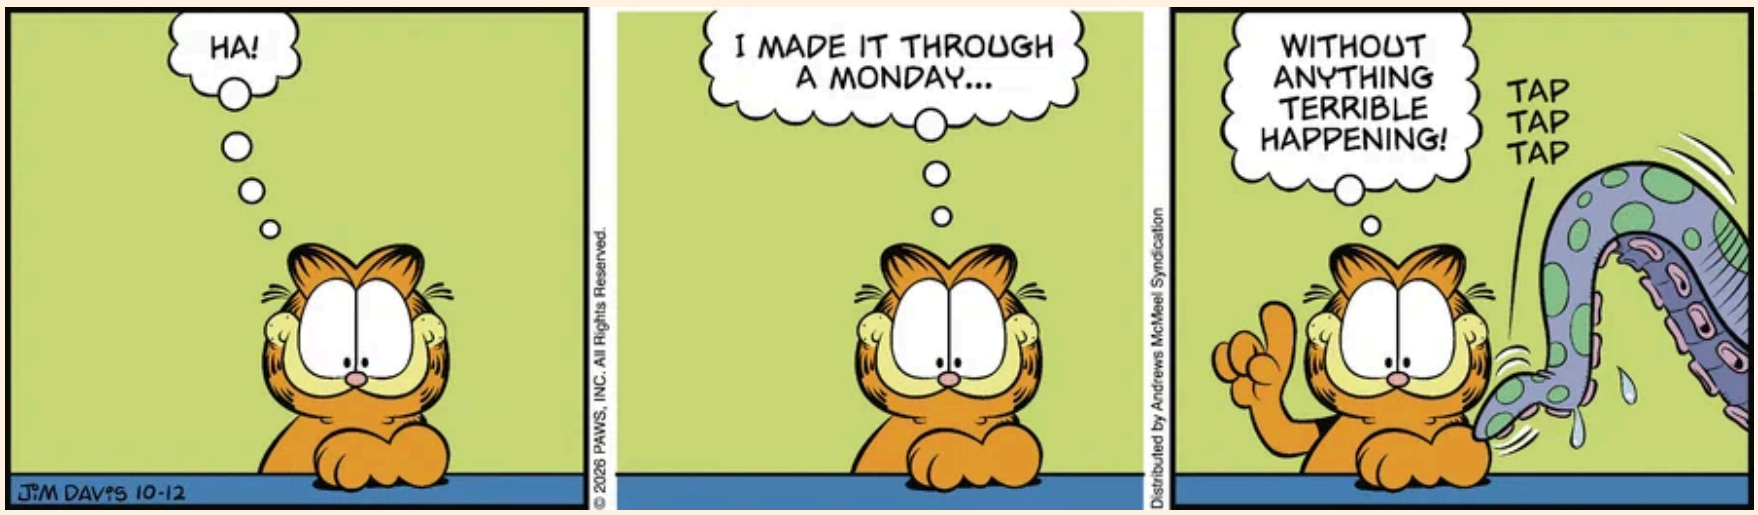

“I'M SELFISH, IMPATIENT AND A LITTLE INSECURE. I MAKE MISTAKES, I AM OUT OF CONTROL AND AT TIMES HARD TO HANDLE. BUT IF YOU CAN'T HANDLE ME AT MY WORST, THEN YOU SURE AS HELL DON'T DESERVE ME AT MY BEST.”
— MARILYN MONROE
